

ANCHOR MACHINERY

Product Catalog 2026

Company Overview

Founded in 1995, Anchor Machinery has grown into one of China's leading industrial machinery manufacturers. Our 50,000 m² production campus in Suzhou Industrial Park houses over 400 employees and a 40-person R&D team.

We specialize in CNC machining centers, hydraulic presses, laser cutting systems, and industrial robotics — deployed in 80+ countries worldwide.

Key Fiaures

Certifications

ISO 9001:2015 • CE Mark • FDA Registered • ATEX Certified • RoHS Compliant

CNC Machining Centers

VMC-850

Vertical Machining Center

X800/Y500/Z500mm, 8000rpm, BT40, Fanuc Oi-MF

HMC-630

Horizontal Machining Center

X630/Y560/Z660mm, 10000rpm, 2-pallet APC

CNC-9

5-Axis Machining Center

X900/Y600/Z500mm, 12000rpm, simultaneous 5-axis

Hydraulic Presses

HP-500T

500-Ton Hydraulic Press

500 ton, 800mm stroke, servo-driven, PLC controlled

HP-200T

200-Ton C-Frame Press

200 ton, 400mm stroke, compact footprint

HP-1000T

1000-Ton Four-Column Press

1000 ton, 1200mm stroke, tandem operation

Laser Cutting Systems

LC-3015

Fiber Laser Cutter 3kW
3000W IPG, 3000x1500mm, 120m/min positioning

LC-6020

Fiber Laser Cutter 6kW
6000W, 6000x2000mm, auto loading/unloading

Industrial Robotics

RA-20

6-Axis Robot Arm 20kg
20kg payload, 1700mm reach, ±0.05mm repeatability

RA-50

6-Axis Robot Arm 50kg
50kg payload, 2100mm reach, welding/palletizing
